What to expect when calling 9-1-1:

- Remain Calm
- Answer questions as they are asked
- As safely as possible provide the best description possible as to what you see and what the people look like; Gender / Race / Physical Characteristics / clothing description etc.

When providing information to the call taker please know that they are forwarding that information to the responding officers. While Officers are driving to the locations updated information is relayed so please do not hang up unless it's unsafe to be on the phone.

Be a good witness. Obtain registration plates on vehicles; obtain good suspect information / descriptions; keep an eye on neighbor's property, Look out For Each Other!

***If you find yourself engaged in a road rage type of incident: DO NOT continue to pursue, follow, or engage in the action. When safe, call 9-1-1 and provide a direction of travel, vehicle description: make, model, and registration if possible.***

***Remember to secure vehicles and valuables. You can prevent theft by securing car doors, arming alarm systems, and keeping valuables out of sight and out of vehicles.***

***The weather is nice outside!!!! Remember to secure ALL windows and doors, including***

**sliding doors in your home. Use a “Charlie Bar” or a piece of wood to reinforce your sliding door or windows.**

The White Marsh Precinct Commander has a crime prevention plan underway. There is no guarantee to stop crime. Be vigilant, secure valuables, and always be aware of your surroundings. Park in well-lit areas and do not have cash in hand while walking towards your car.

**Other Tips**

- Have keys in hand and use the panic button on your key fob if you feel as though you're being approached
- Small key chain sized pepper spray or mace is legal to carry by persons over 18.
- A small whistle can be carried and used to if approached. Even though it's only a whistle, this will create a loud distraction and could scare the suspect away.

***Make a decisive decision and stick with it!***

- **Avoid** the suspect if possible.
  - Run away
  - Run back to the store or house
  - Gain enough distance to get away from the suspect
- **Deny** the suspect the opportunity to commit an act against you
  - Get in the car and lock doors
  - Get to the store and call 9-1-1

- Go back in the house and lock the door
- **Defend** yourself; if you have no choice but to defend yourself then:
  - Small amount of pepper spray
  - Use objects close to your surroundings: rock, large stick, etc.
  - Physically restrain the suspect if necessary.
  - Fight to your ability and don't give up
