Hello everyone,

We are doing our best in locating the warm weather that is supposed to come along with spring so please have some patience with us! Our longer days have begun and with that we also are starting to get more individuals out later into the evening hours. Any strange or suspicious activities make sure you contact the police. We have noticed a lot of activity on social websites or applications, such as Facebook and Nextdoor. Please make sure to call 911 when needed. These social sites cannot take place for a way for an emergency call to the police. However, it can be a great tool in keeping community members active in their respective communities and keeping an open line of communication with some community members you do not know. It is a shame that this day in age we have went away from face to face speaking and getting to know your neighbor which kept communities close and members proud to stand up for and fight against unwanted actions or crimes that would come through their communities. A strong community can make a big impact on the quality of life in your neighborhood!

Any upcoming meetings or questions feel free to email or call 410 887-5035
