BJ

Crime Stats: during a conversation with the White Marsh precinct detectives they wanted to make sure to raise awareness for theft of packages and other unsecured items either on porches or surrounding yards since there has seem to have been a rise throughout the county. They also wanted to pass along that the help of home surveillance devices have assisted in identifying more and more suspects in several different kinds of cases. There are several options and if you think you may be interested and need assistance with best locations for the cameras for best coverage feel free to contact the White marsh precinct Outreach Office and set up an appointment for our trained officers to come conduct a free Security Survey.
